Yahooligans: Biomes

([http://yahooligans.yahoo.com/Science and Nature/The Earth/Ecology/](http://yahooligans.yahoo.com/Science_and_Nature/The_Earth/Ecology/)).

Tropical Rainforests:

<http://mbgnet.mobot.org/sets/rforest/index.htm> - great links about tropical rainforest plants and animals.

<http://www.cotf.edu/ete/modules/mse/earthsysflr/rforest.html> - general information on tropical rainforests.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/rainforest.htm> - general information on plants, animals, and climate.

<http://www.blueplanetbiomes.org/rainforest.htm> - information on tropical rainforest plants, animals, and biomes.

<http://lsb.syr.edu/projects/cyberzoo/animrain.html> - information on tropical rainforest animals

Tundra:

<http://mbgnet.mobot.org/sets/tundra/index.htm> - great links about tundra plants and animals.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/tundra.htm> - general information on tundra plants, animals, and climate.

<http://www.cotf.edu/ete/modules/mse/earthsysflr/tundra.html> - general information on the tundra.

<http://earthobservatory.nasa.gov/Laboratory/Biome/biotundra.html> - basic information and links

<http://www.blueplanetbiomes.org/tundra.htm> - information on tundra plants, animals, and biomes.

<http://lsb.syr.edu/projects/cyberzoo/tundra.html> - information on tundra animals

Grassland/Prairie:

<http://mbgnet.mobot.org/sets/grasslnd/index.htm> great links about grassland plants and animals.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/grassland.htm> - lots of great information and links as well!

<http://earthobservatory.nasa.gov/Laboratory/Biome/biograssland.html> - basic information and links

<http://www.blueplanetbiomes.org/grasslands.htm> - information on desert plants, animals, and biomes.

<http://lsb.syr.edu/projects/cyberzoo/grass.html> - information on desert animals

Taiga/Coniferous Forest:

<http://mbgnet.mobot.org/sets/taiga/index.htm> - great links about taiga plants and animals.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/taiga.htm> - lots of great information and links as well!

<http://www.cotf.edu/ete/modules/mse/earthsysflr/taiga.html> - general information on the taiga.

<http://earthobservatory.nasa.gov/Laboratory/Biome/bioconiferous.html> - basic information and links

<http://www.blueplanetbiomes.org/taiga.htm> - information on taiga plants, animals, and biomes.

<http://www.teachersfirst.com/lessons/biomes/coniferous.html> - brief intro for the taiga forest.

<http://lsb.syr.edu/projects/cyberzoo/coniferous.html> - information on taiga forest animals.

Desert:

<http://mbgnet.mobot.org/sets/desert/index.htm> - great links about desert plants and animals.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/desert.htm> - lots of great information and links as well!

<http://www.cotf.edu/ete/modules/mse/earthsysflr/desert.html> - general information on the desert.

<http://earthobservatory.nasa.gov/Laboratory/Biome/biodesert.html> - basic information and links

<http://lsb.syr.edu/projects/cyberzoo/desert.html> - information on desert animals.

Temperate Forest:

<http://mbgnet.mobot.org/sets/temp/index.htm> - great links about temperate forest plants and animals.

http://www.nceas.ucsb.edu/nceas-web/kids/biomes/temp_forest.htm - lots of great information and links as well!

<http://www.cotf.edu/ete/modules/mse/earthsysflr/dforest.html> - general information on the temperate forest..

<http://earthobservatory.nasa.gov/Laboratory/Biome/biotemperate.html> - basic information and links

http://www.blueplanetbiomes.org/deciduous_forest.htm - information on temperate forest plants, animals, and biomes.

<http://www.teachersfirst.com/lessons/biomes/deciduous.html> - brief intro for the temperate forest.

Freshwater Biome:

<http://mbgnet.mobot.org/fresh/> - great links about freshwater plants and animals.

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/freshwater.htm> - lots of great information and links as well!

<http://www.teachersfirst.com/lessons/biomes/fresh.html> - brief intro for the freshwater biome.

<http://lsb.syr.edu/projects/cyberzoo/freshwater.html> - information on freshwater animals

<http://www.ucmp.berkeley.edu/glossary/gloss5/biome/aquatic.html> - lots of information

Saltwater Biome:

<http://mbgnet.mobot.org/salt/> - great links about salt water plants and animals.

<http://www.teachersfirst.com/lessons/biomes/ocean.html> - brief intro for the saltwater biome.

<http://lsb.syr.edu/projects/cyberzoo/marine.html> - information on saltwater animals

<http://www.nceas.ucsb.edu/nceas-web/kids/biomes/marine.htm> - lots of great information and links as well!
